# WHICH LIFT IS A GOOD FIT FOR ME?

## OPTION A

I only convey small amounts of coffee and I am fine with hand-lifting.

I don't need a lift

## OPTION B

I want to improve efficiency; lifting tons of coffee every month is not an option for me.

OR

YES, BUT

My containers are too heavy to dump into hopper

Can I split them into smaller batches?

NO

LIFT W/ LANCE

NO

But I can recess hopper into the ground

YES

YES

I can dump a batch of coffee easily into a 60L hopper

LIFT W/ DESTONER
